Subject: Updating of Current Approved Plan, Lisbon Valley Mining Co., Lisbon Valley Mine, M/037/0088, San Juan County, Utah

Dear Mr. Indergard:

Tom Munson of the Division's minerals staff met with you at your office on May 13, 2010, after dropping off the Division's copy of the current approved mine plan and approved amendments earlier that week. During this meeting, you and he discussed the need to combine all documents into an updated comprehensive mine plan that is both accurate and complete. You tentatively agreed to have this completed by the end of summer. The Division formally requests that you have the complete updated mine plan to us by September 15, 2010.

Thank you for your cooperation and patience in completing this very important permitting process. If you have any questions regarding this letter, please contact me at (801) 538-5261 or Tom Munson at (801) 538-5321.

Sincerely,

Paul Baker  
Minerals Program Manager
